

The Armada Bot Privacy Policy

1. Overview

This Privacy Policy outlines the manner in which The Armada Bot processes, collects, stores, and utilizes data in connection with its services. By using the Bot, users acknowledge and consent to the practices described herein.

2. Data Collection

The Bot may collect and store data that is strictly necessary for functionality and operational purposes. This may include, but is not limited to, Discord user identifiers, server identifiers, channel identifiers, role identifiers, configuration settings, and system-generated records of user or staff activity within supported features.

The Bot does not collect sensitive personal information such as passwords, payment details, private messages, or external account credentials.

3. Purpose of Data Processing

Any collected data is processed exclusively for the purpose of enabling Bot functionality, maintaining system stability, improving feature performance, and supporting administrative tools such as staff tracking, activity logs, and leaderboard systems.

4. Data Retention

Data is retained only for as long as necessary to fulfill the operational purposes of the Bot. Server administrators may request deletion of stored data associated with their server at any time, subject to reasonable verification.

5. Data Sharing and Disclosure

No collected data is sold, rented, or commercially distributed to third parties. Data may only be disclosed if required under applicable legal obligations or to protect the integrity and security of the system.

6. Security Measures

Reasonable technical and organizational measures are implemented to safeguard stored data. However, absolute security cannot be guaranteed in any digital environment, and users acknowledge this inherent limitation.

7. User Rights and Requests

Server administrators may request access, modification, or deletion of data associated with their server by contacting the developer. Requests will be handled within a reasonable timeframe.

8. Policy Updates

This Privacy Policy may be revised periodically. Continued use of the Bot following updates constitutes acceptance of the revised policy.

9. Contact Information

For any questions, concerns, or data-related requests, users may contact Firemayo.
